

Angel Harps 2010

5th Annual Miracle Healing Music Concert

Sunday, May 17th, 3PM

St John's Episcopal Church
760 First Ave., Chula Vista, CA 91910

Kathleen Hartshorne, Irish Lever Harp

Kathleen Hartshorne began her career as a classical musician, majoring in voice and piano at the Cincinnati Conservatory of Music. However, her musical direction changed completely in 1997, whilst on a trip to Ireland, when she discovered the Irish lever harp and Celtic music. She feels a spiritual bond between herself and the music, which transports both her and her audience to the Ancient mythical days of Erin. She was born with a song in her soul and is thrilled to share it with the Angel Harps Healing Music Concert. Come wander the misty emerald hills of Ireland with her.

Elivia Melodey, Singing Bowls

An inspired musician and angelic healing energies, Elivia Melodey performs unforgettable music on 45 singing crystal bowls. Birthing an entirely new genre of healing music, her acoustical textures invite deep sound travel, inner peace, and wholeness on all levels. The deeply renewing and serene melodies of her bowls has made her an annual favorite at Angel Harp with audiences. With the release of four critically acclaimed CDs, Elivia has established herself as a recording artist whose music is used in healing and spiritual centers round the world.

Dianna Woodley, Angel Harps Founder

Dianna's dream has always been to share her healing experience with other disabled women and children, by making available a specially designed "angel lap harp" that the disabled can use, and through its healing tones and therapy, hasten their recovery to a full life without disability. At our 5th Annual Miracle Healing Music Concert, Dianna will be playing her healing tones "Talking To Heaven", the same tones that healed her out of the wheelchair. And Dianna will be the first to say – emphatically – "It's not about me; it's about the kids." Please join her and her guests for an uplifting, harmonious experience.

All funds collected from this event will be used to purchase specially crafted harps, used to create music for disabled children, giving back the gift of life.
